

A winter landscape photograph featuring a snow-covered ground and several trees. The most prominent tree in the foreground is a large, bushy tree with vibrant red leaves, partially covered in snow. Other trees in the background are mostly bare or have light snow on their branches. The sky is overcast and grey. In the top right corner, the logo for 'NORFIRE DESIGN' is overlaid. The logo consists of a red flame icon to the left of the text 'NORFIRE' in a large, bold, grey sans-serif font, with 'DESIGN' in a smaller, red sans-serif font below it.
